Back to School!

Mr. Mullen is our new teacher. He is nice and already gave us candy. We have learned a lot in math, in social studies, in science, in our reading work book and spelling book. He has taught us a lot... we are going to be smart by the end of year!

The new school year is here, and that means that there is home work and school work and all that other work. It is hard to keep up in all of the school and home work and sports. This year I am in 5th grade. I am loving school again. I might even do the school soccer team...that would be lots of fun. This year I am going to have lots of fun. I am happy to be
